It is obvious that modern human civilization has reached a turning milestone of development marked by many prophets and clairvoyants after which a new era begins:

- a) the term of the *last* president (either black or woman) of USA ends this fall;
- b) the *last* Pope occupies the Roman throne during the rule of whom a Judgment takes place;
- c) the stricken in years Dalai Lama said that this is his *last* reincarnation.

Cayce and baba Vanga talked about spreading of a new spiritual teaching (the unified world religion) which survivors of the Exam/Judgement will follow.

Surely the Exam period will remind days of Egyptian darkness after which everything will change on a New Earth.
